

Hello #first\_name#,

Time is flying, and #event\_name# is just around the corner. We're eager to see you!

**This is a reminder for you to set up your official lead capture and engagement app for #event\_name# - Visit Connect.** It's your key to collecting leads, showcasing your company & products, and engaging with attendees throughout the event journey.

**Profile & Products**

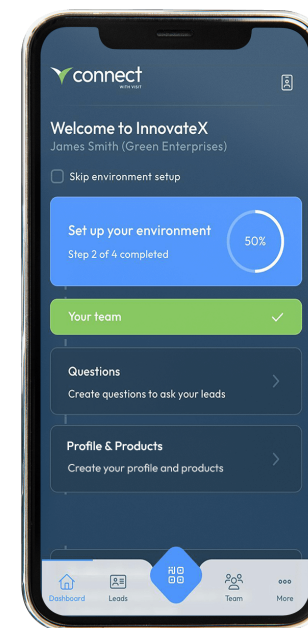

**Chat, Plan, Meet**

**Collect Leads**

### Your Next Steps:

- Update your **company profile**
- **Add products and services** for attendees to explore
- **Add yourself as a team member** if you are participating in the event
- **Invite your exhibiting team members** and set their visibility options in the directory

We encourage you to complete this **before the visitor app launches on [insert date].**

A full user guide is available in our [help centre](#).

**Access Visit Connect**

Use Visit Connect to shape the success of your participation.

This success rests on your ability to charm visitors and seize every chance. Make the most of your time on the show floor!

Best regards,  
The Visit Team

Visit Connect is designed to operate offline when there is no internet connection. However, you must ensure that all devices are online before the end of the event and are synchronised to the Visit Connect portal.
