

Scan QR Codes to

- ✓ Get company & product information from exhibitors
- ✓ Have all collected information in one single place

By scanning the QR Codes from the booths you are interested in, you will collect information from exhibitors. The collected company & product info will automatically be saved in Visit Discover.

How?

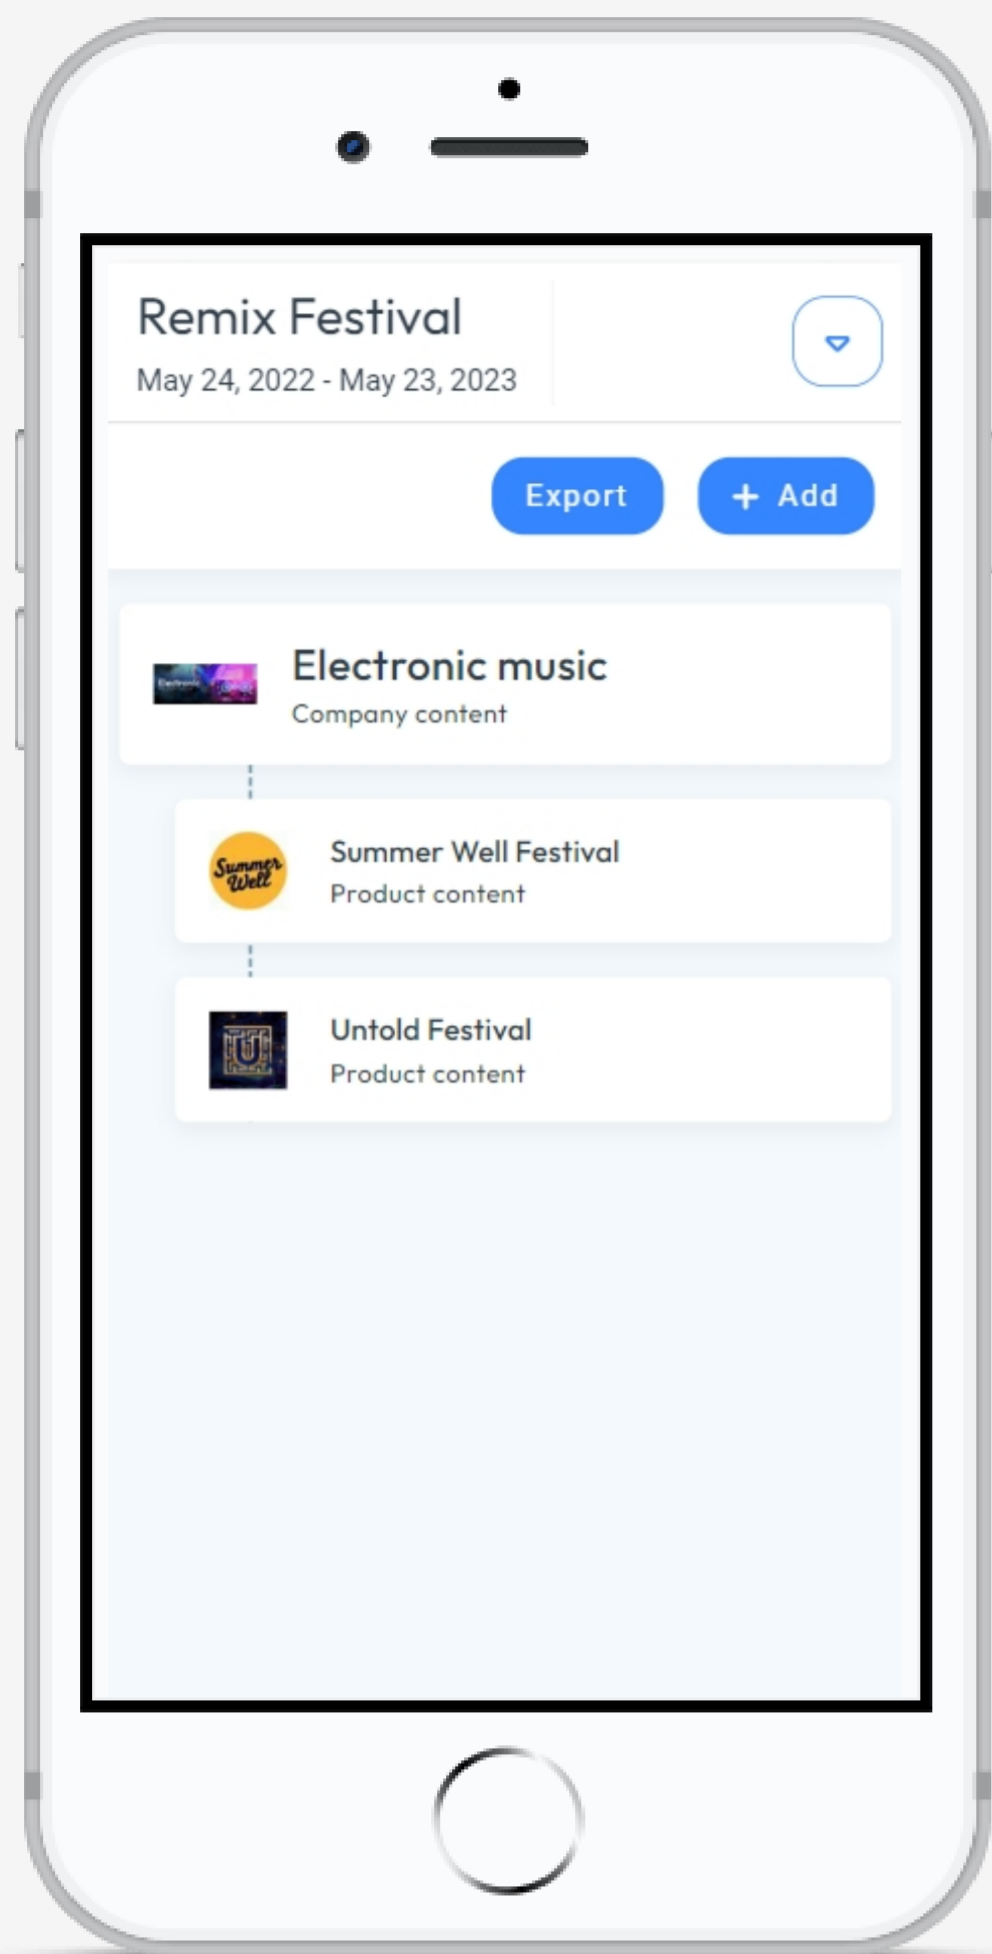

Open [Visit Discover](#) to scan exhibitors QR Codes & collect company & product information.

Where?

Click on "[Scan QR Code](#)" from Discover to open the camera & start collecting content.

Use Visit Discover to

- ✓ Use your digital badge to enter event & sessions
- ✓ Scan & collect profile & product info from exhibitors

Visit Discover enables you to have a customized event experience. If you need assistance accessing it, please talk to a member of our team at the registration desk.

Access Visit Discover
